Claims 1-45 are allowed over the prior art of record and in light of applicant argument.

The amendment filed on 05/08/06 has been entered in the file.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Claims 13 and 35, at line 9, "the virtual device" should be replaced by --a virtual device--.

Claim 19, line 1, "method of claim 13" should be replaced by --method of claim 18--.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach attaching to the physical device a substantially unremovable communication identifier for communicating with a predetermined virtual device and automatically providing to a user updated documentation about, and updated services available for, the physical device through the virtual device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
